

## Guest information for external guests of Planet Allsports Capo Reamol

Planet Allsports is located inside the 4 star hotel: 'Capo Reamol'. This is the windiest place on lake Garda.

LAKE GARDA

Because of the special place of Capo Reamol on the foot of a steep rock wall of Larici there is not much space. Please check the answers on the most common questions from Planet Allsports guests that are not staying at Hotel Capo Reamol but that like to come to our Planet Allsports Kite- & Windsurf- & Wing Foil- & E-Foil School.

### Where can I park?

Because there are only enough parking places for hotel guests it is not possible to park your car at the hotel where Planet Allsports Surfschool is located. Nevertheless you can park your bike, motorbike or you can come by foot to the hotel. Another option is that someone drops you off with the car and picks you up after your surf session. Before you come down to the surfschool, please „say hello“ at the Hotel Reception. The Hotel just wanted to know who comes inside the hotel, as there very often people just sneaking in the hotel to use the beach and the pool. If these options are not possible for you, we can pick you up with a motorboat on three locations of the lake.

1. Limone: in the centre, just north of Parcheggio Lungolago There are different parking options

Pick up times: 7:15 and 12:45 (<https://www.google.it/maps/place/45%C2%B048'50.8%22N+10%C2%B047'38.1%22E/@45.814097,10.7933668,169m/data=!3m2!1e3!4b1!4m6!3m5!1s0x0:0x0!7e2!8m2!3d45.8140973!4d10.7939139?shorturl=1>)

### Can I bring friends and family?

If you want to stay at Capo Reamol with friends and family we recommend you to book a room at the hotel. If you want to enjoy the spot at Capo Reamol with friends and family they will need to book one of our services as well. For example: I want to do a kite course, my girlfriend wants to join but is scared of kitesurfing, then she can join a windsurf course or stand up paddling when the wind drops. For children younger than 16 there is an exception. One parent can come and stay at Capo Reamol without booking a service.

Additionally there is a great roof terrace with a very unique view over the lake. The roof top bar offers snacks and drinks and it's open for external guests of the hotel daily from 10.00 am to 7.00 pm.

### Which facilities can I use when I'm not staying in the hotel?

We do our best to make it as comfortable for you as possible. Therefore we have a nice sitting area in front of the our shop and reception and a garden where you can prepare your kite or chill in our hammocks or beach chairs. The sun beds and the pool area is only for hotel guests. If you like to drink or eat something in the bar you can, just make sure you don't go inside the hotel with your wetsuit. Down at the beach there is one shower and toilets. There is also a sauna but this is only for hotel guests. The roof top bar and terrace is for hotel guests as well as for external guests. Have a look at it, the view is amazing.

Hopefully you are informed well now and you will have a great time!! Grazie & windy regards,  
Felix Quadfaß & the Planet Allsports Team Capo Reamol
